ABOUT THE GLOBAL CSR SUMMIT 2009 AWARDS

The Global CSR Summit Awards is the Recognition Awards programme for Corporate Social Responsibility. The programme recognises and honors companies for outstanding, innovative and world-class products, services, projects and programmes implemented in 2007/2008. These projects should demonstrate the company's leadership, sincerity and on-going commitment in incorporating ethical values, compliance with legal requirements, and respect for individuals, communities and the environment in the way they do business.

The Awards ceremonies will take place during the Gala Dinner and Awards Night of the CSR Summit on 14 Jan 2009. Hundreds of senior executives and professionals of corporate social responsibility from government, business and civil society from the region, and the media will be present.

The Award categories for this year are:

- Best Environmental Excellence Award
- Best Community Programme Award
- Best Workplace Practices
- CSR Leadership Award

CRITERIA

Companies can enter as many projects as they wish in one or more of these categories. The winning company, regardless of size, is simply one which in the opinion of the judges, best meets the criteria for each category.

Best Environmental Excellence Award

The Company that has successfully implemented a major project or programme in areas such as: Energy Efficiency, Extended Product Responsibility, Green Product Design, Waste Reduction, Sustainable Business Practices and Water Conservation. The company that has integrated environmental performance into its sustainable development strategy and has delivered proven business benefits.

Best Community Programme Award

The company that has successfully implemented a community project that has resulted in poverty alienation, better education, business growth or community engagement. Does the company believe in creating educational opportunities for those who don't have them or helping individuals to escape from poverty? How well does the company back up its belief and commitment to the community? How sustainable is the project or programme?

Best Workplace Practices

This category includes employee ownership plans. The company will have policies and programmes in place that show the respect they have for their employees and how much they value them. How far has the company gone to take care of its employees? Dependence care, layoffs, health provision and employee training are a few of the areas that will be looked at. Privacy at work, improving quality of life at work, fostering lifelong learning and the implementation of employee ownership plans are also examples of good practice.

CSR Leadership Award

This award will be given to an individual who has contributed to the promotion of all aspects of Corporate Social Responsibility, including the environment, sustainability, community partnerships, education and poverty alienation to name but a few.

SELECTION PROCESS

There will be an in-depth search and selection process for the Awards comprising the generation of entries, initial screening, comments by advisors and final judging.

The Judging Panel

The judging panel is made up of internationally recognised and respected judges from a variety of industry sectors and disciplines. The panel has been carefully selected to ensure the selection process is fair and objective. The judges are bound by a strict confidentiality agreement and are required to declare any conflict of interest in entries over which they deliberate. They will be asked to stand aside should this scenario arise.
